SUMMARY

Motivated and detail-oriented Computer Applications postgraduate student with a strong foundation in programming, web development, and database management. Experienced in building full-stack web applications using modern technologies such as HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.

WORK EXPERIENCE

Web Developer Intern , SoftTrine Solutions

Feb 2025 - Present

- Collaborated with the development team to design, develop, and maintain responsive web applications using HTML, CSS, JavaScript, and modern frameworks.
 - Assisted in backend development using Node.js and Express.js, and integrated MongoDB for dynamic data handling.
 - Participated in the complete software development lifecycle from requirement analysis to deployment and testing.
 - Gained hands-on experience in debugging, version control (Git), and optimizing website performance for both desktop and mobile platforms.
-

EDUCATION

Master of Science in ComputerApplication

Aug 2024 - Aug 2026

MIT Arts Commerce and Science,Alandi

- Relevant Coursework: Data Science, Web Development, Software Engineering, Database Management
- Ongoing academic projects include a Customer Support Chatbot and QR Code-based Student Attendance System

Bachelor of Computer Application(BCA)-Science

Aug 2021 - Aug 2024

Modern college Arts Commerce and Science,Pune

- Focused on core programming concepts, data structures, and software development
 - Completed projects involving web technologies and data handling
-

ADDITIONAL INFORMATION

- **Programming Languages:** JavaScript, Python, C/C++
- **Web Development:** HTML5, CSS3, Bootstrap, Responsive Design
- **Backend Technologies:** Node.js, Express.js
- **Database Management:** MongoDB, MySQL (basic)
- **Version Control:** Git, GitHub
- **Tools & Platforms:** VS Code, Postman, MongoDB Compass
- **Soft Skills:** Team Collaboration, Problem Solving, Time Management, Communication
- **Operating Systems:** Windows, Ubuntu (Linux)
- **Others:** RESTful API Integration, Debugging, Deployment (basic)
